Celebrate

- New STEM and digital to integrate into core instruction
- Earn pins for bragging rights
- Points for certificates and Trending Classrooms

Learning opportunities that allow teachers to dive deeper into STEM and digital tools.

# Certificates

# Digital Teacher Leader Program

The LBDL Academy is designed specifically for administrators to lead schools toward blended and digital learning through research-based content and job-embedded experiences.

# Trending Classrooms

A trending topic is something everyone is talking about and sharing views on.

Innovative learning through STEM and digital learning tools can turn regular classrooms into #TrendingClassrooms

Apply for the #TrendingClassroom program and prepare to initiate, engage and transform digital learning in your classroom.
